

Here They Are

The "Where Are They Now " is very successful but some members have indicated that they would like their email addresses to be notified to the world so that they can be contacted if you knew them and have lost touch. As usual, send me the details but I must add that other people see these pages and you may get junk email, or visits from the HMRC, VAT, CSA etc. So only request this service if you are sure you are whiter than white (can I say that?). Well we did wear the white hats so we're the good guys.

Can you help to put me in touch with my RAFP colleagues? I served from 1958.

Dear Webmaster,

At eighty years old, I am contacting you for one of the very few times that I have been at the site. I attach a brief resume, showing what I have been doing, after leaving the RAF Police.

I joined the RAF in March 1953 for National Service. I was square-bashed at Hednesford and did my RAF Police training at Netheravon, starting in June 1953. I was, thereafter, in the Provost branch, stationed at Number 4 District, RAF Police, at Duxford, near Cambridge. We patrolled East Anglia. Our CO was W/Cdr. Henniker-Heaton, followed by W/Cdr. Worthing. Our Warrant Officer was W/O Climie and our senior NCO was "Chiefy Poole". My billet officer was Barry Shaw, who often patrolled with Dick Clifford.

In 1956, I did two weeks of reserve service in the guard-room, at RAF Ventnor – the WWII Radaar station on the Isle of Wight, from whence I come.

I was a colleague of Steve Linge and Michael Floyd, both corporals who were killed on duty, in March 1955, driving in the Fens, in their LandRover, in a snowstorm. I and my wife (then fiancée) had just spent a happy lunch-time at the Cum Loong Chinese Restaurant in Cambridge, with Mike Floyd, on the day of his death. I represented the unit at his funeral in Par, Cornwall. I have been married to my wife Gabrielle, for almost 58 years. I am a lay Eucharistic Minister at my local Anglican Church, in Burke Virginia.

I was 2585774 Corporal Jones, David – Royal Air Force Police.

Sincerely,

Bill Clarke told John Curtis that he enjoys keeping up with all the RAFP Association news, but is not a member.

He lives in hope of coming across someone that might know him and possibly more to the point, might wish to remember him.

He joined the Royal Air Force in 1953 and was at RAF Netheravon on course No.40 from October to December.

The course instructor was Sgt Malcolm Harding who Bill recalls was a fabulous guy.

On the same course were two members of the WRAF, one he believes was possibly called Margaret, and the other Pat.

He became a dog-handler stationed at RAF Rye in Sussex and then RAF Gibraltar.

Prior to that he spent 11 months on station duties at RAF Leighton Buzzard HQ 23 Group Flying Training Command.

Bill lives in Nottinghamshire and since retiring is very active in the RBL working as a volunteer caseworker for Leicester and Derby County Offices covering four counties.

Anyone who may know Bill can contact him on patsyandbilly@tiscali.co.uk

In the local pub here in Budleigh Salterton, East Devon, I have met a lady (and her husband) whose father is aged 97. After being a RAF batman, in 1942 he became a doghandler. His name is

John Shepherd and his wife's name was Jean Mary Curtis who was a parachute packer.

John left the RAF at the end of the war.

Sadly John has lost much of his memory and can't at present, remember his service number, but the family are searching old letters to see if it was ever written down.

My request is if by chance anyone out there knows of John please let me know.

I am on that picture!

Please pass my details, maybe I will get mail from friends I knew then.

This is a shot in the dark, I am trying to make contact with one of your ex contemporaries who unfortunately I have lost contact with.

His name is **George Pace** ex F/S RAF Police Dog Handler. My wife and I were friends of George and Judy whilst serving at RAF Wildenrath 1979 - 82. After Wilders George went to Wyton to set up a Dog section and then I believe he went to Newton as Dog Inspector (If thats the right phraseology).

Unfortunately the last time I seen George was when he turned up at our home at West Drayton on the day of my sons funeral completely unaware of what had happened and my memory is rather blurred of the occasion but I thought he said he was coming out of the service and settling in the Lincoln area.

Would it be possible to see (via your fine website) if he is a member of your organisation or anyone know of his whereabouts. I would be ever so grateful if you could do that for me.

Regards

My name is **Mike Hancock** and I am an ex RAF Linguist/ROV/CSA(V)/Int An (V) etc - we had more name changes in our trade than there are Smiths in the Phone Book! I served at Gatow, Luffenham, Digby, Brawdy, Celle, Main Building, and took part in the 1st Gulf War; I reached the rank of Warrant Officer in the trade.

Whilst not in the RAFFP, I did have several mates who were. One, who is sadly now departed, was Cpl Dave Bolam - I am still in contact with his wife, Jan. Another mate, with whom I did square bashing at Swinderby in 1966 (so his number must be 4282...) is/was **Sgt Phil Barrett** . Is he still around, if so could you pass my email address to him please. Other names I remember were Graham Dring and Red King, and a Flt Lt who was OIC the Caravan Club at Gatow in the 80s I think (memory going, must be senility creeping in!)

I did work for over a year at P&SS HQ at Henlow, as the office manager. There were 2 RAFFP NCOs there too (one Cpl from Sunderland I believe, and a Sgt) - both of whose names I have forgotten, in about 2005.

Hope you can help.

Many thanks

Mike Hancock

Last Sunday (21 Apr 13) met an old school friend of **ALISTAIR GRANT** who served in the RAF Police for 3 years during the late 1950s.

Alistair served in Cyprus in 1958 during the Eoka campaign and would dearly love to hear from any former comrades who remembered him and perhaps served with him in Cyprus.

I understand that he enjoyed a successful civilian life and ran a major bakery in Scotland but over the years he has often wondered if any of his RAF Police mates are still around.

Should this enquiry prove fruitful I will contact Alistair's school pal who can pass on any messages and perhaps we will gain a new member of the RAFFPA.

Best wishes..... [Brian Whitaker](#)

I know this chap I am going to mention is not a member of the RAF Police Association, but he served in the RAF Police from December 1955 to December 1967. I first met him whilst we were stationed at RAF Wildenrath between 1961 and 1963.

His name is **Ray Hampton** and he is at present in hospital suffering with lung cancer. It has been operated on recently and hopefully things just may look up for him, but he is in a lot of pain at the moment.

Can you please pass this on just in case any of our members know of, or in fact served with Ray, and would like to pass on their good wishes for a speedy recovery. You can always give a point of contact as my email address, tonybatch611@gmail.com Ray is not on email contact, but I will pass on any good wishes as he lives not far from me here in Gloucester.

Thanks for your help.

My name is Ben West and I am writing on behalf of my Father **Brian West**. Brian served in the RAF police 53 to 56 and was on duty the day of the incident below. I do believe it was National Service still.

24-Aug-1955 Cpl Raymond Peter Grayer (4069233) 22. RAF Manston Kent UK. Killed by an American soldier who went berserk shooting and killing people in his path. From your website.

Raymond was a great mate of my fathers and he happened to be riding a bike when he was shot. Reason for the email then is to see if there are some people that may remember him or vice versa that are still around.

He was one of the 10 pound poms and moved to Australia and joined the RAAF Police.

My name is **Robert Johnston Payne** (Bob Payne). I was in the R.A.F.Police for 22 years from 1957.

I only found this site this year through a friend, and for the first time looked at the back pages of 'Where are they now'.

On **Page 6** I found that a lady by the name of **Evelyn Holder** has been trying to find me for her father **Robert Holder** with whom I served in Gan in 1959. I have tried to e-mail Evelyn Holder but without success - mail returned.

I wonder if you have any means of contacting the lady and giving her my e-mail address which is bobpayne@wanadoo.fr

Her e-mail address was e.v.holder@btinternet.com.

I would be most grateful if you could put us in contact as Bob Holder was a friend of mine.

Kind regards

Bob (Payne)

I don't know if any of you remember **Flt Lt Mathew (Paddy) Cowap**, he was OC Police Sqn at RAF Bruggen till 1970.

I spoke to him last night and although he is 80 yrs old he has almost total recall which is more than I can claim.

He even remembered interviewing me on my arrival from RAF Lyneham and a conversation we had in Welsh.

I also remembers Reg Ball & Pete Mitchell and has asked if anybody remembers him to drop him an e mail. matthewcowap@btinternet.com

My name is **Ernie Randall**, I served as a Police Dog handler at Habbaniya from 1957-1959. I would be pleased to hear from anyone police or otherwise who new me. I spent four years in the RAF POLICE and also served in Nicosia, Northern Ireland, at RAF Ballycastle known also as RAF Murlough Bay, I completed my service at RAF Feltwell in Norfolk.

My email address is ernestrandall123@btinternet.com

I started my service with IX at Honington, got to know a fair number of the Batty Folk quite well. For most of the time I was stuck behind at least three fence lines, a wide open space covered in Intruder Detector Alarms etc.

Given that for most of the time I was then fully armed then I doubt anyone remembers, the rest of the time the IX folk might have seen me I would have been in blues and wearing a white hat.

So when I went to Bruggen I was pretty hacked off because at Honch we were all pretty relaxed so it came as a shock to my system a bit when my new boss demanded I that remove the IX Sqn zaps from webbing and combats. Thankfully IX came out to Bruggen a few months later, I was the lunatic copper doing a solo Mexican wave from my post on the QRA when IX landed.

I'm pleased to say I caught up with a few remembered faces, met a few more, and taught the rest of A Shift RAFP that there was more to life in the Royal Air Force than running round fussing about with 31, 17, 14, sqdn's. When the professionals, IX.

It turned up my colleagues learned an awful lot. Namely. "f you ever have a problem with IX get a hold of me and I'll sort it."

They never had to, I got their minds focused on the rest of the sqdn's, all the best to you and yours, all current and passed members of IX and the lads and lasses out in Iraq, Afghan or wherever the heck they've put IX.

I just wanted folk to know that not all snowdrops were, (not fun) some of us kind of adopted Sqdn's and in Aug 83 ish I adopted, (or got adopted by IX)

When I got posted out to Bruggen at first I hated it. Complete pain in the ankle I hated it, then when IX arrived, I knew the next year and a bit were survivable. The lads and lasses from Honch who knew me knew they wouldn't get off with anything serious but they knew that if they found me they would get a better treatment. I was and still am massively proud of having worked with IX.

I'll let you away with the answer there. If there's anything you can do with my comments just go for it. I'm a published writer these days and write lyrics for a fair number of bands.

You take care now man, and to all of IX, current or former. (Blaedsain Beon Se) That's Anglo Saxon for "Blessings Be Upon You."

Cheers N Beers, best wishes and blessings.

[Andy "Jailbait Ritson"](#), call sign on our net was black 4-6.

My name is **Mike Hancock** (service number D4282619), served from 1966 to 2000 at such places as RAF Gatow, Digby, North Luffenham, Wyton and Celle, would like to contact anyone who remembers me (who I haven't already made contact with via such sites as RAF Linguists Association). Can be contacted on sandmat29@talktalk.net. Many thanks and looking forward to renewing some old contacts.

What a shock to be told that you are dead, I suppose it was worse for the guy that told me who must have thought he was seeing a ghost. (See Obits)

I can say with total confidence that I am very much alive & that all reports, rumours or other statements to the effect that I am no more, have popped my clogs, gone to meet my maker, joined the choir celestial etc, etc are incorrect, much to the relief of my wife, three kids & two grand daughters.

How the report originated from the mentioned agent, who wasn't directly attached to our unit but back in the D.E.A. Miami field office, I can't say for certain but I'm assuming that it was a case of "Chinese whispers" because some years ago I was serving in the U.S.A. & a counter narcotics officer & on one operation did take a round but into my body armour, this resulting in a couple of bruised ribs & me having an unplanned dip in the Caribbean.

As for my family members part I can't shed any light at all as to how they got hold of this report as I have been estranged from them for many years & didn't even know that they still had my old computer or any of my old files or whatever.

So basically, I am still very much alive (this news possibly giving pleasure to some while disappointing others) while a little bit battered around the edges by both passing years & my reckless behaviour while serving in all kinds of "wonderful" places over the years but still very happy with life.

If you can please send my regards to any that may remember me fondly & my very best wishes to & for all the serving R.A.F.P. out there especially those in the hot zones.

Thank you very much for your help.

Very best regards,

[Daryl Beckett](#)

This is the original entry:

Sir,

It is with regret that I forward to you, the news that Ex-corporal Darryl Beckett (R.A.F. Bishops Court, believed 1977 or 1978) was sadly lost on duty, while serving with an international group of officers alongside members of the U.S. Department of Justice.

While boarding a suspected small craft, that had entered U.S. waters off the coast of Florida, he was shot twice by one of the crew and died instantly.

He will be missed by all of us who served with him and more so by his widow and young son.

We hope that anyone who may remember him will pause a moment and give thanks for someone who was willing to give his life for the cause.

As he would always say, when signing of to brother officers, " Take care, stay safe and go home after the shift".

All the best,

Samuel J.Kennedy. (Senior Agent. D.E.A.)

We contacted yourselves as Darryl had your site details on his address list and thought it only right. His family hope that someone may remember him and smile at one of his strange ways, of which he had many.

One more thing before we finish off and close down. His superiors in the unit have all said, that his training with yourselves and the R.U.C. must have been good, proved by his ability while in the field.

Thanks again for everything,

Ralph & Angela Beckett (Brother & Sister)

Would love to hear from any OLD colleagues.

My Father, Donald George Leaker 2438166 , served as a member of the R.A.F. Police from July/49 to July/51.

He currently resides in British Columbia, Canada. I am sure he would like to hear from any of his old friends.

If you would like to send info to me, I will make sure that he receives it. My e-mail is bdka@telus.net.

Thank you,
Bernie Leaker
